

## Job Posting: Senior Software Engineer-Windows

### ABOUT

Cadient Talent is a high growth SaaS Talent Acquisition software provider focused exclusively on providing the industry's leading end-to-end hiring solution for distributed workforces. Built specifically for the field, our intuitive and flexible platform meets the complex needs of high-volume, hourly hiring and provides managers with a constant pipeline of quality candidates.

We are currently looking for passionate software engineers with high volume web application experience to join our team in our brand-new Noida office. If you want the opportunity to make an immediate impact on an application that is already in use by some of the biggest retailers in the world, Cadient Talent may be best fit for you. We are a fast-growing company with a fun environment-come, grow your career with us!

### JOB RESPONSIBILITIES:

- Participate in the prototyping, analysis, design and development of complex features to meet the business requirements
- Ensure the best possible performance, quality, and responsiveness of the applications
- Write well designed, testable, efficient code adhering to the coding and security standards.
- Contribute in all phases of the development cycle.

### WHAT WE ARE LOOKING FOR:

- 3+ years of hands-on development experience using Microsoft.NET Framework using C#
- Proficiency in .NET C#, Razor Views, MVC, LINQ
- Knowledge or hands on experience with Web Services (REST)
- Experience with Microsoft SQL Server 2008 /2014, strong T-SQL skills.
- Exposure to Agile/SCRUM methodology
- Excellent Debugging/ Troubleshooting skills

### EDUCATION:

BTech or MTech in Computer Science, MCA with at least 60% throughout academics.
